YPO RETREAT SESSIONS TO STRENGTHEN FORUM HEALTH

SUPERCHARGE WORKSHOP (4HRS)

A supercharge is a facilitated 4 hour workshop that involves a debrief of your Forum Health Survey, as well as targeted coaching on aspects of your meeting process to deepen trust and access greater vulnerability within the group. The session closes with taking a fresh look at your Forum Norms. This session effectively renews Forum Health, deepens trust and vulnerability, and increases value gained for all group members.

OPEN THE JOHARI WINDOW (4HRS)

An opportunity to meet 1:1 with each member of the forum in a structured format to give each other feedback on observed strengths and opportunities. You rarely get the chance to meet one on one - this process will deepen individual relationships and reveal more depth of content for presentations moving forward.

“Stephanie is the equal or better than any facilitator our forum has used over nearly 2 decades.”

YPO Gold Member, July 2019

EXPLORE GROUP DYNAMICS (3HRS)

In this session we use Role Drawing as a method to explore self-curiosity. A role drawing is an activity in which individuals are asked to draw a picture of themselves in their role as a Forum group member. Individuals share thoughts and feelings about their drawings, and group members, similarly, reflect back. Ultimately this session allows group members to;

- a) appreciate the role they each play in group membership and
- b) become more self-aware of the difference between self-curiosity and 'advice' giving.

RESET (2HRS)

This activity helps the group discuss and document what members hope to gain from membership, what is important, what they aspire to be, and how they will contribute to a shared mission. Through a series of guided discussions, Forum members identify their Forum purpose and goals for the year. The session includes a reset of Forum norms, and agreement on annual calendar. This session sets the tone for positive, constructive group life.

ISSUES CLEAR IN FORUM (2HRS)

Issues and conflict are a natural phenomenon in groups. Diversity adds value; but it can also bring conflict when differences cannot be constructively dealt with or contained. In this session, we learn the Issues Clear method and then use it to clear any issues that have surfaced in the group.

YPO

YPO RETREAT SESSIONS TO STRENGTHEN SELF AWARENESS, MINDFULNESS & LEADERSHIP

DEFINING YOUR LIFE'S PURPOSE (4HRS)

A self-development session to define your life's purpose and priorities in seeking fulfilment. Many YPO'ers are at similar stages in their life journey and starting to question what is next. Having achieved success and accomplished many things, members benefit from clarity on what they are making life about. This session digs deep into past experiences and reflection on personal motivators of fulfilment and satisfaction.

“Stephanie is engaging, enthusiastic and articulate. Helped guide the group to share deeply personal experiences quickly and with genuine empathic engagement.”

LIFE GOALS AND PRE-SESSION COACHING

(30MINS 1:1 PRIOR TO RETREAT +
2HRS ON RETREAT)

This session is a great adjunct session to the Life Purpose session for Forums who want to take purposeful living a step further. Each member receives a 30min pre-retreat goal-setting coaching call on how to set goals for the decade ahead. On retreat – members share short, medium and long-term goals for themselves, their families and their businesses. The output of this session is a hand-written one-page plan that resonates deeply and enables successful life transitions.

(Continued on next page >)

VALUES-IN-ACTION (2HRS)

A personal development session where members first identify their top 5 values and assess how they are living them in balance in their lives right now. This personal assessment brings individuals closer to what brings meaning and purpose to life. This session also enables the group to discover shared values and set or re-visit shared Forum values.

“The powerful processes that Stephanie utilised gave all of us a far greater understanding of ourselves and each other, our forum group has become a much stronger and closer unit as a result. We feel like we have now discovered our group identity, values and purpose as a result.”

YPO Member, Melbourne Chapter, 2018

“Explaining and practicing self-curiosity in presentations with her input and guidance, led instantly to amazingly more openness of participants.”

- shares of individual results
- discussion on how these insights enhance Forum health
- application of these tools beyond Forum in business, family, or personal life

We spent a full day with Stephanie Bown digging down into our needs and values. We found the whole process to be educational, insightful and a bit confronting. Stephanie facilitated the day in both a strategic and empathetic way to allow us to gain ‘psychological air’ to get to a granular level and then implement an action plan to move forward. A great process and a credit to her skills and knowledge!

STIR FRY EVENTS

(MIN 90MINS. MAX 4HRS)

A Forum "Stir Fry" enhances the member, spouse and partner experience by leveraging the power and best practices of Forum to encourage engagement and connection. A Stir-Fry is a great addition to Chapter Events by mixing members, spouses and partners with each other for a Forum-like experience. The meeting is conducted under Forum protocols – most importantly confidentiality, and often facilitated by a CFF.

FORUM FUNDAMENTALS (FF)

IN PERSON (7HRS) OR VIRTUAL (4HRS)

Forum Fundamentals is designed to give new Forum members, or those who have not yet joined a Forum, a solid foundation in Forum principles and protocol and let them experience a Forum meeting using the principles learned.

FORUM MODERATOR LEADERSHIP DEVELOPMENT (FMLD)

IN PERSON (7HRS) OR VIRTUAL (5HRS)

The goal of FMLD is to get moderators familiar with the overall scope of the moderator role and the structure and elements of a Forum meeting from the lens of a moderator. This session provides the opportunity to surface and work through best practices in Updates and Deep Dives, and effectively dealing with issues that naturally surface in Forum.

ISSUES CLEAR (1.5HRS)

The "Issues Clear" is an important step as part of the Welcome and Getting Started stage of Forum Meetings. Forums who practice issues clearing with intention and consistency can sustain the depth of sharing that characterise truly transformative Forum experiences. In this session, we explore why issues clearing works, how to use the structure of issues clearing in Forum meetings to create an expectation and culture of openness in your Forum and we will identify and practice one way to approach issues clearing.
