

# RE-IGNITE: REAL CHANGE

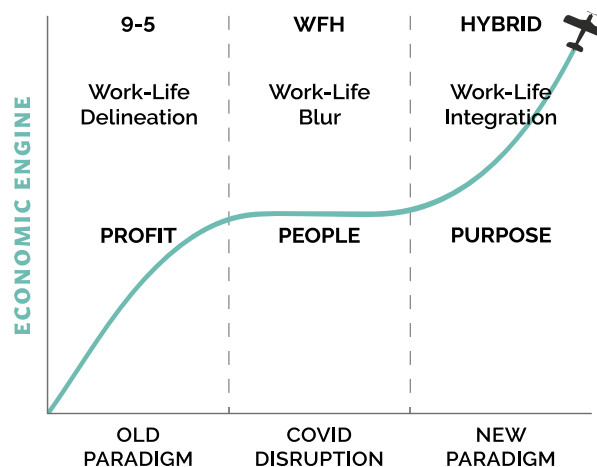

## RE-IGNITE YOUR HYBRID WORKFORCE

### THE NEW PARADIGM

We are now operating in the **new hybrid paradigm**, where workers have switched from work-life delineation to work-life integration.

This switch to hybrid brings a host of advantages; but it also comes with real challenges around how to keep teams connected, aligned, and productive.

To thrive in the new hybrid paradigm, we need to make **real change**.

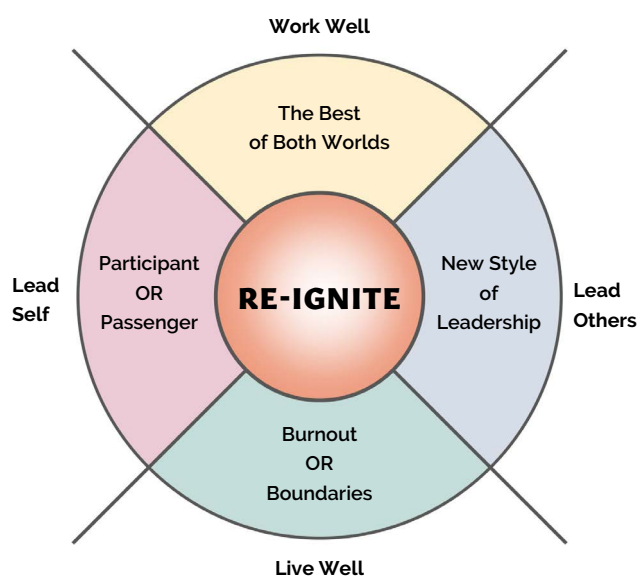

**RE-IGNITE** is a keynote + optional workshops that explore four key dimensions of Stephanie's Re-Ignite framework and invites teams to think about how they adopt new strategies to effectively navigate hybrid.

Hybrid working affords individuals more flexibility and freedom. But with greater freedom, comes greater responsibility. To thrive in the new hybrid paradigm, we need to reconsider how we operate across four dimensions: how we work, live, lead ourselves, and lead others.

**In RE-IGNITE, Stephanie challenges teams to;**

- **discuss the new hybrid work paradigm** – giving leaders the opportunity to detail their own organisational framework for expectations moving forward
- **provide insight into new styles of leadership** that enable and inspire people
- **explore resetting boundaries** to maintain positive work / life integration
- **take ownership and control** of their own career trajectory – fully leveraging their strengths in service of the organisation's purpose.
